# Correction to: Canine breeds associated with gastric carcinoma, metaplasia and dysplasia diagnosed by histopathology of endoscopic biopsy samples

Marcus Vinicius Candido<sup>1\*</sup> , Pernilla Syrjä<sup>2</sup>, Susanne Kilpinen<sup>1</sup> and Thomas Spillmann<sup>1</sup>

## Correction to: *Acta Vet Scand* (2018) 60:37

<https://doi.org/10.1186/s13028-018-0392-6>

Following publication of the original article [1], the authors identified an error in the numbers reported in the Gastric Carcinoma section. The correct numbers are marked in bold below:

“The Belgian Tervuren was found at much greater relative risk for being diagnosed with GC from histopathological examination of endoscopically obtained gastric biopsies (**19**; **5.7–63.9**;  $P < 0.0001$ ) in comparison to other breeds (Fig. 2).”
